G 10

My wish would probably have to be to go to Mexico. The three reasons I want to go to Mexico is the beach, the restaurants, and the people. I love to go see all the three of these that is my wish to go to Mexico.

The beaches are very blue and the sandy beaches. I love to go to the beach and layout so I would love to go to Mexico. The beach would be fun to walk after supper and catch crabs.

The restaurants would be fun to eat at with all the different foods. I like to go eat all kinds of different restaurants so it will be a real fun adventure. The bands that play at the restaurants would fun to listen to.

The people would fun to see like what they wear. It would be cool to listen to them talk in Spanish I try to figure out what they are saying. It would be cool to see how they catch fish.

I would love to have this wish come true. I would like the beaches, restaurants, and the people. This would be a very fun wish.

Score Point: 3

This response reflects a limited degree of proficiency in expository writing skills. The writer wishes to visit Mexico and provides reasons to support this (the beach, the restaurants, and the people). The response is organized. However, the writer displays limited word choice (it would be fun, it would be cool) and inadequately illustrates key ideas. In addition, a pattern of errors in usage is displayed.
